

March 2022

Dear Parents/Guardians,

Greetings from Grade III!

First of all, we would like to extend our sincere thanks for your special presence and encouragement during Parent Teacher Conference!

We have successfully completed our fifth UOI with the central idea “Media can be the medium of expressing ourselves globally”. Our sixth UOI with TD theme are focused on the central idea “Uneven availability of natural resources affects the access to equal opportunities” and we have already started research on various natural resources and the resources which are used by humans equally for survival and conservation of environment. A field trip to Godawari has been planned within this UOI. The students will also explore on uneven uses of natural resources and their consequences.

The students will read the story of Bibek Bhattacharya, Our Beautiful World with the help of different post reading activities. This UOI will be concluded with the mini exhibition of art works by students showing their creative work. We are thankful for your support and collaboration!

Best Regards,

Grade Teachers

Grade III
